

BATTLE OF THE BANDS

HB BOB

Saturday, 17th June 2017

The battle of the Bands was a raging success, with the crowd getting behind and supporting all bands and enjoying the night.

The Above the Bar Recording Studio acted as a principal sponsor by donating two recording sessions to the winners. The rationale for this is to promote knowledge of the studio's existence in the local musicians' community and thus increase ATB's reach.

In order for any studio to break through it is reliant on the quality of the bands, and for one or more recordings to become successful in the marketplace and thus have a proven and sought after reputation. This was a prime driver behind the ATB sponsorship.
